PROFILE

Recent computer science graduate, currently pursuing a Master's degree, I am looking for new opportunities to develop my skills and grow in the field. Curious and self-driven, I enjoy learning and making a concrete contribution to the projects I am entrusted with.

TECHNICAL SKILLS

Languages: Java, PHP, Python, JavaScript, C, C#, C++, HTML, CSS

Backend: Spring Boot, Node.js, Express, Symfony, .NET, Odoo, Frappe

Frontend: React, Angular, Vue.js, React Native, Bootstrap

Databases: PostgreSQL, MySQL, MongoDB, Oracle, Firebase

Tools: Git, GitHub, GitLab, Docker, ERPNext

PROFESSIONAL EXPERIENCE

Fullstack Developer — GeoMadagascar

April 2026 — Present · Internship

Antananarivo, Madagascar

Symfony · PHP · PostgreSQL

- Redesign and modernisation of the ConsoMyZone website interface.
- Optimisation of key business functions to improve performance and user experience.

Odoo Developer — Assurances ARO

September 2025 — November 2025 · Internship

Antananarivo, Madagascar

Odoo 8 · Python · XML · PostgreSQL

- Designed and built a custom budget management module for Odoo 8 from scratch to delivery.
- Implemented real-time expense tracking with comparative analysis dashboards.
- Set up automated email notifications triggered by budget threshold events.
- Wrote technical and functional documentation for team handover.

EDUCATION

Master's Year 1 — Computer Science

January 2026 — Present

IT University, Andoharanofotsy — Common core

Bachelor's Degree — Computer Science (Development)

September 2022 — December 2025

IT University, Andoharanofotsy, Madagascar

High School Diploma — Science (Baccalauréat D)

2010 — 2022

Collège Saint Michel, Amparibe, Madagascar

KEY PROJECTS

Shopping Centre Application Node.js · Express · Angular · MongoDB - Multi-role platform (admin, merchants, clients) for shopping centre management. - Shop listings, promotions, customer reviews and event management.	Academic project
